According to Sun Tzu, the author of the classic 'The Art of War' it sounds like the U.S. has already lost WW3 before it even starts!

"He will win who, prepared himself, waits to take the enemy unprepared"

"Attack him where he is unprepared, appear where you are not expected"

"Whoever is first in the field and awaits the coming of the enemy, will be fresh for the fight; whoever is second in the field and has to hasten to battle will arrive exhausted".

"If one knows oneself and the enemy, in a hundred battles you will never be in peril"

"The supreme art of war is to subdue the enemy without fighting"
